

# I See Hope In The Morning Light

Midge Ure

Another long night, caresses round me Shows no pity knows no shame  
To share it's lifetime of endless moments Till I can touch  
the light again Everything changes, everything round us Everything  
matters after all Let something move me and I will follow Not  
walking blind but walking tall

Where does it say that we must hide Inside this cold divide Where  
nothing good can grow When has a life been black and white Where  
it's only wrong or right, I never felt so low

Deliver me from my sad story I see hope in the morning light Come  
to me in love and glory I see hope in the morning light Bringing  
peace and understanding I see hope in the morning light Emotional  
and undemanding I see hope in the morning light

This heat that's growing from deep inside me Lighted by your burning  
flame But through the darkness when sleep surrounds me I'll  
wake up crying out your name There are no reasons, no lame  
excuses To lock up freedom and desire With love the power you came  
right through me And turned this ember to a fire

Deliver me from my sad story I see hope in the morning light Come  
to me in love and glory I see hope in the morning light

Where does it say that we must hide Inside this cold divide Where  
nothing good can grow When has a life been black and white Where  
it's only wrong or right, I never felt so low

Deliver me from my sad story I see hope in the morning light Come  
to me in love and glory I see hope in the morning light Bringing  
peace and understanding I see hope in the morning light Emotional  
and undemanding I see hope in the morning light

Deliver me from my sad story I see hope in the morning light Come  
to me in love and glory I see hope in the morning light Bringing  
peace and understanding I see hope in the morning light Emotional  
and undemanding I see hope in the morning light
