

I See Hope In The Morning Light

Midge Ure

Another long night, caresses round me Shows no pity knows no shame
To share it's lifetime of endless moments Till I can touch the light again
Everything changes, everything round us Everything matters after all
Let something move me and I will follow Not walking blind but walking tall

Where does it say that we must hide Inside this cold divide Where
nothing good can grow When has a life been black and white Where
here it's only wrong or right, I never felt so low

Deliver me from my sad story I see hope in the morning light Come
to me in love and glory I see hope in the morning light Bringing
peace and understanding I see hope in the morning light Emotional
and undemanding I see hope in the morning light

This heat that's growing from deep inside me Lighted by your burning
flame But through the darkness when sleep surrounds me I'll wake
up crying out your name There are no reasons, no lame excuses
To lock up freedom and desire With love the power you came right
through me And turned this ember to a fire

Deliver me from my sad story I see hope in the morning light Come
to me in love and glory I see hope in the morning light

Where does it say that we must hide Inside this cold divide Where
nothing good can grow When has a life been black and white Where
here it's only wrong or right, I never felt so low

Deliver me from my sad story I see hope in the morning light Come
to me in love and glory I see hope in the morning light Bringing
peace and understanding I see hope in the morning light Emotional
and undemanding I see hope in the morning light

Deliver me from my sad story I see hope in the morning light Come
to me in love and glory I see hope in the morning light Bringing
peace and understanding I see hope in the morning light Emotional
and undemanding I see hope in the morning light
