

## She Cried

Midge Ure

She cried  
The tears that fell were from Asian ways  
She cried  
The tears that fell were from Asian ways

She promised to a stranger, arranger kisses  
She, torn between her heart and the others' wishes  
Try to please them, try to reason

She cried  
The tears that fell were from Asian ways  
She cried  
The tears that fell were from Asian ways

She tries to understand what her father preaches  
She wants to live the life that her new world teaches  
Try to tell them what she felt then

She cried  
The tears that fell were from Asian ways  
She cried  
The tears that fell were from Asian ways

Try to tell them what she felt then

She cried  
The tears that fell were from Asian ways  
She cried  
The tears that fell were from Asian ways

She cried  
The tears that fell were from Asian ways  
She cried  
The tears that fell were from Asian ways

She cried  
The tears that fell were from Asian ways  
She cried  
The tears that fell were from Asian ways
