Cross your heart and hope to die it's love. A perfect world in my minds eye and oh

The face that's watching me tonight - has me - Falling for that certain smile.

Hold your hand up
swear to God
it's love.
Help me to believe
because for all
The words you said to me tonight - has me Falling for that certain smile Falling for that certain smile.

Take my tears and smile for me it's love.

Take my soul my heart my fears for oh

The way you're touching me tonight - has me - Falling for that certain smile.

Bring me passion
bring me lust or love.
Bring me only truth
because for all
The times you said to me tonight - have me Falling for that certain smile Falling for that certain smile Falling for that certain smile -
