Midget

[Midget Verse 1]

Wheezy F. Baby, and the F is for fantastic
I'll have you sleeping with the fishes like the city of Atlantis
You can call me Mr. Fantastic
I live better, through cons and indevers
Through pros and surrender
We'll fight this war forever
I'm on another level
Y'all are on some other level
Try'na get someone else's level
No vowels, but here's another letter
Go crazy in the booth like I'm a stunt devil
Go harder than everyone, make ya feel better
You know I'm on another level

[Midget Hook x2]

I'm on another level
I'm on another level
I'm on another level
I'm on another level

[Midget Verse 2]

I'm in my spaceship, I'm on another level
I'm on another planet
I took gravity wit' me I need another landing
Yeah, I be up in Mars, I am so fly, I, I, I can touch the stars
I beat it like Lacrosse
I'm beast like a Rhinoc-eros
I fly away and take the guests
I'm so high, I'm under arrest
Food scraps and give supper to pets

[Midget slit verse]

I'm up in the clouds, pass the stars around
Don't cross the line, but now you're out a bounds
I'm up in the clouds, pass the stars around
Don't cross the line, but now you're out a bounds
I'm up in the clouds, pass the stars around
Don't cross the line, but now you're out a bounds

[Midget Hook x2]

I'm on another level
I'm on another level
I'm on another level
I'm on another level
