

Look At Me Now (new Mix)

Midget

[Midget intro]

I'm on the 8th floor
Of the Mihoggany
I'm a eat his face
Like some a dat Hip-hopcaracy
I'll do it all for you, they try 'a break me down
'Cause I aint armor proof
Young gun in the game, Carter 2
I'm a beast, TYGA, "Coconut Juice"

[Drake Hook x4]

Somebody remind me where I am
That's right I'm at home, I'm right where I belong

[Midget Verse 1]

I'm always stressin', I'm always wifin'
One thing my daddy told me, self-reliance
Flyer than the flight pilot
I can take you anywhere you wanna go, no buyer's mileage
Wayne free from Rikers Island
Silence on the gun can I get a moment of silence
I fall up opposite sky diving
Check 1, 2, I'm so fly I don't even need a jump suit
Splash some water on him make him come to
New player in the game, substitute

[Drake Hook x4]

Somebody remind me where I am
That's right I'm at home, I'm right where I belong

[Midget Verse 2]

I'm so fly [I, I] I be up in Mars
I am so fly [I, I] I can touch the stars
Take the hood wit me wherever I may go
Got plenty a them foreign cars right outside my door
I be waitin' for my bottles on the Romans ninth floor
It's all in my head so why the hell I even write for
Night more, night mare, if you want it baby
[I, I] I could get it right there

[Drake Hook x4]

Somebody remind me where I am
That's right I'm at home, I'm right where I belong

[Midget outro]

I did it all, I did all I could
I do it to the fullest, do it for what it's worth
It's the business life, and the new opportunities
I do it all for you, I found my opportunity
