

## At Least You Cried

Midland

Those words, on your lips  
Sound good, but they don't quite fit  
You say all the right things, do just like you should  
You say your heart's breaking, I knew that you would

Baby I wish that I could believe in  
Those out of here tears in your eyes  
But I know that you didn't mean it  
But at least you cried  
And I sang, nana nanana nanana nana

It's okay, it's fine  
It's just hurting wasted time  
I know it's too late, but I appreciate  
You trying, you crying

Baby I wish that I could believe in  
Those out of here tears in your eyes  
But I know that you didn't mean it  
But at least you cried  
And I sang, nana nanana nanana nana  
Nana nanana nanana nana

Did you ever mean it when you said that you love me  
Was this all just a game for you

Baby I wish that I could believe in  
Those out of here tears in your eyes  
But I know that you didn't mean it  
But at least you cried

Baby I wish that I could believe in  
Those out of here tears in your eyes  
But I know that you didn't mean it  
Buy at least you cried  
And I sang, nana nanana nanana nana  
Nana nanana nanana nana
