

Dancing With the Midnight Sun

Midnattsol

You have to climb the top
go on, don't give up
it never seems to end

It's controlling me
this ain't what I want to be
save me from this mess

To dance all the night in the midnight sun
that is my dream
the drops lick my skin
I dance with the wind
it blows me away

Du ser hu som danse i skogen
me lette skritt
me lokkane øyne
hu strekke ud hånnå
men du når an ikje

Du ser hu
hu strekke ud hånnå
men du når an ikje
å dansa i midnattsol
de e min drøm

To dance all the night in the midnight sun
that is my dream
the drops lick my skin
I dance with the wind
it blows me away

The norwegian part in this song tells of a girl dancing in the woods. She gives you her hand, but you can't reach it.
