Science will show that  
And prove that over and over ra again  
Jah see and know  
We tell them  
Honour your fathers that your days may be long  
Original black man  
We were here from foundation of time  
We will remain until the end

In the earth and in the sky are  
The cycles of your womb  
See yourself precious once again  
We are hurt for the hurt of  
The daughters of our people  
She and her tears could find no comforter  
Our hands are again strong  
We will be there for our daughters

Out of blackness was born the light  
Black is the colour of the whole universe  
Your morning starts with darkness  
Did not your morning start with darkness  
Did not your morning start with darkness  
Did not this morning start with darkness  
Well so does tonight  
Alpha, Alpha and Omega I

All aboard  
I'm not leaving without my  
contributions accounted for  
All aboard  
I'm not leaving your vineyard without  
The groundwork accounted for  
Man will learn to humble to his knees  
Many live and die unnecessarily  
Man will learn to pray with long suffering  
Many live and die  
Still pretending

Hear wha  
Every knee shall bow  
And every tongue confess  
Rastafari Selassie I live  
Every knee shall bow  
And every tongue confess

Rastafari Selassie I live

Go down do down a Ithiopia  
Come come out of Fari Makonen Emperor  
Come come go down  
Go down a Ithiopia  
The ancient ancestors  
Call from our blood lines they remember  
Word sound and power will over  
Word sound and power  
Hear Rasta  
Word sound and power  
In this ya Armageddon  
No retreat and no surrender
