

# Brother

Mighty Oaks

We had hooooooooooooooooooooowwwwwwwwwl

We had run around  
In the summer in the nighttime  
We made no sound  
And deep in the forest  
we get lost  
Whistle to the Birds  
as they call

Go on Trips  
Moving with weather  
as it shifts  
We took to the  
seas and let it drift  
How many islands could we hear?

R: I'd follow you  
To the end of the world if only you would  
ask me to  
On and on we go, my brother  
I've got you  
Nothing to stop us now  
Because we found in life what's true  
Oh my brother I'd follow you

In my faded truck  
We shot across the country to  
find our luck  
And the youth inside would  
scream and shout  
Like a dagger in the heart we  
ripped it out

And we had laugh through the night  
Call the star's  
By the fire shining  
On through the night  
We will run  
To the rising life and  
On through the night  
Burn the flames  
The world will know our Names
