

# The Great Northwest

Mighty Oaks

On the seaside  
Oh we found our way  
In the great northwest  
Yeah we lost our sun in the rain  
And it's a long hard road that we must travel now  
Oh it winds  
I know that we shall one day move as one again in time

Oh my love you found me at the right time  
My heart was lost to you at the first sight  
Oh my love you found me at the right time  
My heart is yours I ask that you be kind

We drove out east to the mighty Cascade Range  
Too the place where the water falls from the heights of Snowqua  
lmie  
I drove to the north and you slept quietly by my side  
Down to the coast we went that night  
My love I made you mine

Oh my love you found me at the right time  
My heart was lost to you at the first sight  
Oh my love you found me at the right time  
My heart is yours I ask that you be kind

You found me at the right time  
Darlin wont you be kind  
You found me at the right time  
Darlin wont you be kind
