Most of these bitches ain't mine  
Most of these bitches ain't mine  
Stop claimin' me bitch, you know you lyin'  
Most of these bitches ain't mine  
Most of these bitches ain't mine  
Most of these bitches ain't mine  
You can have that little bitty bitch, you know she ain't mine  
Most of these bitches ain't mine

Most of these bitches they ain't mine, nigga  
You can have that bitch, I swear she ain't no dime, nigga  
She no quarter, I won't spoil her  
Think she Moses when she cross the water  
Immigrant, she cross the border  
How the fuck niggas say they can afford my business?  
It's the same niggas rockin' Jordans  
Pull up Trailblazer, like I'm in Portland  
White boy shoot better than Kyle Korver  
300 Spartans, my niggas immortal  
Sellin' fishes, I got Nemo and Dory  
In the swamp with gators like I'm in Florida  
Tryna get rich like Richard Porter  
Takin' that Pyrex pot and glass bowl  
And stickin' my hand in that water  
If the bitch try to take a quarter  
It gon' be a homicide, Law and Order  
It's cheaper to leave her  
But it's gon' cost you some money if you wanna spoil her  
She got that Aquafina, call her water  
She wanna ride on top of my Sequoia

Most of these bitches ain't mine

Most of these bitches ain't mine  
Most of these bitches ain't mine  
You can have that little bitty bitch, you know she ain't mine

You cuffin' your ho and I'm fuckin' your ho  
Like a light, she can switch  
Sloppy top, eat it, licorice  
Wipe the gloss off your lip when you suck the dick  
Why you claimin' a nigga? You know you ain't mine  
It's time to cut her off, it's 'bout that time  
Why the fuck you keep lyin'? You a little fine  
I'm not wastin' my time, only spend with dimes  
She got the audacity say that we're married  
Chasin' a nigga like Tom & Jerry  
Look how she standin', she Halle Berry  
I laugh at the bitch like I'm Tyler Perry  
Your birthday, be singin' like Mary Mary  
She say she a virgin, don't got a cherry  
I'm not fuckin' no bitch if the pussy hairy  
I'm passin' your bitch like a Hail Mary  
She wanna claim me cause I'm famous

Mexico groupie bitches, they be dangerous  
Immigrant bitches, they don't speak our language  
I don't fight over bitches, I leave your shirt painted  
Innocent bitches, they look like a model  
Shaped like a bottle, they suck and they swallow  
Lil' mama, she bad so niggas gon' holla  
And shouts out lil' mama, she only fuck ballers

You can have, she ain't mine  
No, I don't want her  
I don't want her  
Yes she's foreign, I caught her in Barcelona  
Got this Spanish lil' mama, like to drink Corona  
But you can have her, she gon' instantly bend it over  
Cuffin' bitches, I ain't worried 'bout it  
Cause everybody know about it  
I pulled up to my mansion in the Audi  
Smashed and then she outtie  
Say she from New York, I had to call my nigga Rosh  
He told me that she goin' in, she got that sloppy topsey  
So you know what I did?  
I got her suckin' me up in a Benz  
She told me she wanted a threesome  
I told that lil' bitch call her friend  
When I pull, light the light, the Forgis slide  
You must be blind if this money you think ain't mine
