Young nigga, I was rebellious

My momma told me they was jealous, forreal

I had to kick me a door

I was trapping on the Nawf

Now it's 40 thousand for a show, forreal

Takeoff just bought the whole seal (That's Raheem)

Play with the water like I'm Navy Seal

I'm having choppers on my nigga, fuck how you feel

Bout it, bout it like I'm No Limit having independent deal

My plug coming in on a boat (Eduardo)

I swear to god that's the realest shit a nigga never wrote

Take your hoe, take her shopping, buy her coats

Get her Chanel so she won't never tell

16, when I dropped off the porch

18, I was juugin' the bales

I'm from the Nawf, throw up your hood

For my niggas, we lost

Pour out a pint of the mud

I know to keep it 100

My niggas keep it 100

We all about making some money

Cause my niggas came from nothing

Young niggas came from nothing
Young niggas came from nothing
Young niggas came from nothing
Young niggas came from nothing
Young niggas came from nothing
Young niggas came from nothing
Young nigga came from nothing
