These labels keep having debates
We pulled up on hotel and wait
Askin me questions like how did I feel when I had to sit down for all 8 (what you think?)
They fightin this rap but we killin these pipers
You wanna rob Migo 1st place (number one!)
Put em in a grave, disintegrate
Blue Benjamins all on my dinner plate
This offered ever gonna get on a chorus
Is he?
Just wait on it! Wait on it
I'm yo favorite rapper' favorite
Every rapper bite in, they want a taste of it
There is no secret who really created it
I'm on D block, I feel like I'm Jadakiss
Migos blew up like a terrorist
We murdering tracks and it's evidence

(Hook)

(Verse: Quavo)

They called me to sign to yo label
Tell them to wait and they looked at me crazy
3 Eminems ain't shit!
No way we done sign, we ripped out the paper
We know that you stealin the fuckin flow
Deal is okay because I got the antidote
We pullin the strings like a jump rope
We got the rock game, a submission hoe
Came up from a pile of midgets now I'm ridin around in the sem fix
Pull up to that bando, just me and extentions
I'm placed in the pot like jump in this bitch
Feelin like summer, Infinity
Ball, krra, no witnesses
My niggas been playas like Birdman and Trinidad
None of you rappers can fuck with me, bet on me

(Hook)

(Verse: Takeoff)

Say you wanna be in this rap game
First you gotta make a nice take off
Juicy the label they had on it
The rich nigga too, they gon wait on it
It's a new generation, OG like temptation
Sign that foundation my margin looks mason
My money Caucasian, my dope is Caucasian
My plug is all Haitian so hot in my bracelets
Like Nike I'm bout to start checking you niggas
You Kermit the Frog, I'm dissecting you niggas
You sickle cell nigga I'm sick of you niggas
Taking my swag I invented you niggas
Call me Einstein I got the potion
So I know how to get rid of you niggas
Not the sneakers, Giuseppe sweater

Stop and say I can do this acapella
