

Wake up in the morning, gotta thank God  
Walking out the bando with a.45  
Shake a 7/11 in the dog pound  
It's just another day on the North side  
I'm for real, nigga, you can ask about us, nigga  
We earn stripes on the North side  
Just another day, just another day  
Just another day on the North  
Real talk, nigga  
I know niggas took a loss, nigga  
On the North side, it's just another day on the North side  
On the North, it's just another day on the North side

It's just another day, what is a day on the north?  
Wake up in the morning, they kick in the door  
We looking for money, we looking for gold  
My niggas 100, my niggas on go  
My niggas is trapping, dapping, what is you having?  
Run with the sack and I go hit the hole  
They calling me Quavo McFadden, no John Madden  
I run the game  
Look at my house, take a long at my ring  
Walk in the North and I know I got rank  
Pull up in the North and remember the day  
I play the game like a game of spades  
And I took me a flight to the Everglades  
I told 'em that day that it was my way and never get paid of 50k

Wake up in the morning, gotta thank God  
Walking out the bando with a.45  
Shake a 7/11 in the dog pound  
It's just another day on the North side  
I'm for real, nigga, you can ask about us, nigga  
We earn stripes on the North side  
Just another day, just another day  
Just another day on the North  
Real talk, nigga

Nigga, they bucking, they rubbing, they sacking  
Taking the pounds and breaking them down  
What a beautiful day, my AK came equipped with 100 rounds  
Niggas talking like they got the crown  
Find their body in the lost and found  
Chopper louder than surround sound  
It's an undercover in the underground  
Just another day on the North side rollin' (rolling)  
Riding around trying to get it in, 2Pac all eyes on me (2Pac)  
My young nigga hit a 100 band jug and the car belt was stolen  
Young nigga still strapped by the North side  
Gwinnett County patrolling

Wake up in the morning, gotta thank God  
Walking out the bando with a.45  
Shake a 7/11 in the dog pound

It's just another day on the North side  
I'm for real, nigga, you can ask about us, nigga  
We earn stripes on the North side  
Just another day, just another day  
Just another day on the North  
Real talk, nigga  
I know niggas took a loss, nigga  
On the North side, it's just another day on the North side  
On the North, it's just another day on the North side

Trapping on Club Drive, Migos the Army got Mob ties  
We hit the ground, we had to do time  
Kick in the door a million times  
My nigga Westside he had to do five  
The hood were crying when Pistol Pete died  
You gotta survive, the streets will eat you alive  
They say we wear make up, but that was a lie  
Broke in them houses, no burglar bars  
You said that you hard, you niggas are frauds  
I went to the pen and them times were hard  
I got a bulldog and it's gonna bark  
You niggas is bitches, you wear leotards  
Bitches they mad cause I broke their heart  
Needed college, I didn't go to Clark  
Beating the pot like it's martial arts

Wake up in the morning, gotta thank God  
Walking out the bando with a.45  
Shake a 7/11 in the dog pound  
It's just another day on the North side  
I'm for real, nigga, you can ask about us, nigga  
We earn stripes on the North side
