

## Angel Of The Night

Miguel Bosé

Angel of the night  
Angel of my feelings  
Everything's all right  
If you come down to see me

You're my angel of the night  
Answer to my sorrow  
Love you every time  
Don't wanna lose tomorrow

You're my angel, angel, angel of the night  
Will you try to set me free?  
(Don't keep me waiting)  
'Cause you're my angel, angel, angel of the night  
Don't forget to get in me...  
(Don't keep me waiting)

Angel of the night  
Evil of my morning  
When the Sun goes up  
You're never here to hold me

You're my angel of the night  
Answer to my sorrow  
Love you every time  
Don't wanna lose tomorrow

You're my angel, angel, angel of the night  
Will you try to set me free?  
(Don't keep me waiting)  
'Cause you're my angel, angel, angel of the night  
Don't forget to get in me...  
(Don't keep me waiting)

You're my angel of the night  
You're the reason of my life  
Let me love you every day...  
You're my angel of the night  
You're my happiness tonight  
Please don't ever go away...
