

Catch The Season

Miguel Bosé

Daily writers
Does your contribution say?
Writers, fighters
Can you show compassion?
Lover, mother
Of the evolution age
Of a father
To the revolution

I want to pray for wisdom
In my Western home
I want to be where you are

Winter and Summer, a change in the air
After the storm has arrested who's there
Autumn and Springtime attempted escape
Catch the season
Winter and Summer, a change in the air
After the storm has arrested who's there
Autumn and Springtime attempted escape
Catch the season
Oh, they go!
Oh, they go!

Terror rising
Is it super nature's way?
Understanding of the constitution

I need to pray for wisdom
In our Western homes
We need to be together

Winter and Summer, a change in the air
After the storm has arrested who's there
Autumn and Springtime attempted escape
Catch the season
Winter and Summer, a change in the air
After the storm has arrested who's there
Autumn and Springtime attempted escape
Catch the season
Oh, they go!
Oh, they go!

I want to be in the twilight of day
Tonight, today
To take a moment away...
