

If You Break My Heart

Miguel Bosé

Love me tender
I'll surrender
Take me by the hand
Show me the way

You've been trying so hard
I've been crying
I've never wasted tears
On anyone before

But if you break my heart
Do I forgive you?
And if we're worlds apart
How can we ever be together again?

It's hard believing
This strange feeling
I've never ever felt
For anyone before

My life was hollow
But now I'll follow
Anywhere you go
Anything you do

But if you break my heart
Do I forgive you?
And if we're worlds apart
How can we ever be together again?

Like the morning
A new day's dawning
I feel your spirit move
In a special way

Oh, love me tender
I'll surrender
Take me by the hand
Show me the way

But if you break my heart
Do I forgive you?
And if we're worlds apart
How can we ever be together again?

But if you break my heart
Do I forgive you?
And if we're worlds apart
How can we ever be together again?

But if you break my heart
Do I forgive you?
And if we're worlds apart
How can we ever be together again?

But if you break my heart.....
