

# Want You More

Miguel Bosé

Don't you know  
These are troubled times  
Anytime is trouble time  
We used to share our way ev'ry day  
You give me heartache  
And then you walk away

Don't you know  
There is no time in our time  
All those moments we cared  
They seemed like hours we shared  
A heart full of love I gave it away  
I gave it all away

I want you more than anybody else  
I want you, I want you, can't you tell?  
I want you more than anybody else  
Don't keep me guessing  
Don't keep me guessing

Don't you know  
There were so many times  
I wished that you could feel the same  
And felt that love was just a game  
You give me heartache  
And then you walk away  
Don't walk away  
Don't walk away

I want you more than anybody else  
I want you, I want you, can't you tell?  
I want you more than anybody else  
Don't keep me guessing, don't keep me guessing  
Don't keep me guessing, don't keep me guessing

I want you more than anybody else  
I want you, I want you, can't you tell?  
I want you more than anybody else  
Don't keep me guessing  
Don't keep me guessing

You more than anybody else  
I want you, I want you, can't you tell?  
I want you more than anybody else  
I want you, I want you, can't you tell?  
I want you more than anybody else  
I want you, I want you, can't you tell?
