

# You Live In Me

Miguel Bosé

Always...

I hear the beating of a second heart  
It stops if I'm listening too close  
I read the messages from thirteen stars  
In search of an answer from the oracle

Say you live in me, live in you  
The sparkle we share  
Is a one to one  
We do it till tomorrow...  
Always!  
Believe in me  
The sparkle we share  
In a one to one  
We do it till tomorrow  
Tomorrow we know never comes...

Then in the light I often hear your voice  
You've taken possession of my soul  
You find survival in the strangest guise  
The role of a robber... Feel my body break!

Say you live in me, live in you  
The sparkle we share  
Is a one to one  
We do it till tomorrow...  
Always!  
Believe in me  
The sparkle we share  
In a one to one  
We do it till tomorrow  
Tomorrow we know never comes...

Always...

And as a host we give our very best  
My home is my castle, don't you know?  
We live in fear of losing out on life  
Let love be the anchor to hold you tight...

Say you live in me, live in you  
The sparkle we share  
Is a one to one  
We do it till tomorrow...  
Always!  
Believe in me  
The sparkle we share  
In a one to one  
We do it till tomorrow  
Tomorrow we know never comes...

Say you live in me, live in you  
The sparkle we share  
Is a one to one  
We do it till tomorrow...  
Always!

Believe in me  
The sparkle we share  
In a one to one  
We do it till tomorrow...
