

Hero

Miguel

I'm here to catch you when you fall
I'm here to answer when you call
In the morning, in the evening,
Baby even in the afternoon

I got the strength and the nerve
Here to protect you and to serve
In the morning, in the evening,
Baby even in the afternoon

I'm your hero, hero,
Defender, protector for you
For you, for you!
I'm your hero, hero,
Defender, protector for you
For you, for you!

I'll be your superman in bed
Yeah you heard just what I said
In the morning, in the evening,
Baby even in the afternoon

I'll stop a train for ya
I'll catch a plane for ya
Suga' do never doubt it
Know if there's a price I bought it
In the morning, in the evening,
Baby even in the afternoon

'Cause I'm your hero, hero,
Defender, protector for you
For you, for you!
I'm your hero, hero,
Defender, protector for you
For you, for you!

From the heights in the sky,
To the depths in the sea
I'm your guy (no question)
I'm your guy, yeah
No mask, no suite, no cape, no weapon, no boo
Got the power of love, baby give me a turn!

I'm your hero, hero,
Defender, protector for you
For you, for you!
I'm your hero, hero,
Defender, protector for you
For you, for you!
