

# Kaleidoscope Dream

Miguel

I taste you in infinite colors  
Collide in a fountain  
At least we are lovers

Kaleidoscope dream [x6]

Can you imagine a field of red lights  
They flickers and flashes  
'Cause our joy is electric

Kaleidoscope dream [x6]

Oh oh, breathe  
Oh oh, close your eyes  
Oh oh, your with me, yeah  
Breathe  
Reach high  
Taste the sky  
Just hold my hand

Across the Moon we'll hope to fly  
You're safe with me, you're safe with me

Yeah, body language like piano keys  
Allow me to provoke babe  
Like you sing a melody  
Every single stroke babe  
As I kiss your third eye  
Let your love come sweet  
Only you can be my  
Kaleidoscope dream (dream dream dream)  
Kaleidoscope dream (dream dream dream)  
Kaleidoscope dream (dream dream dream)  
Kaleidoscope dream (dream dream dream)

All these helium hues in array of amusement  
Flicking the stars from the sky

Kaleidoscope dream [x6]

Yeah, body language like piano keys  
Allow me to provoke babe  
Like you sing a melody  
Every single stroke babe  
As I kiss your third eye  
Let your love come sweet  
Only you can be my  
Kaleidoscope dream (dream dream dream)  
Kaleidoscope dream (dream dream dream)

Taste the sky  
Just hold my hand

Kaleidoscope dream  
And close the Moon then we'll hope to fly  
You're safe with me, you're safe with me

Kaleidoscope dream (dream dream dream)
