

# The Thrill

Miguel

Can you roll down a window  
I just wanna feel the wind blow in my face  
'Cause the morning is gonna get ugly and undone  
That's why I never wanna close my eyes  
Yeah, I can feel them right in the air tonight  
Got a trouble, you can tell

And I can't wait  
And I can't wait  
It's the thrill, I feel my heart beat racing  
And I can't wait, can't wait

Jamie, Johnny and Jack, no  
Shoot 'em up, shoot, shot up  
Dance it up, we never black out  
Never chase, never waste, never hesitate noo  
'Cause this morning is cold, I'm of time  
We're just laughing as we loose our mind, yeah  
We could be a riot in the air tonight  
Start to call it trouble, you can tell

And I can't wait  
And I can't wait  
It's the thrill I feel my heart beat racing  
And I can't wait, can't wait

Till they play our song, till the lights go on  
Till we can't drive home shout  
Give me more, give me more  
Till we're alone, til we greet the sun  
Give me more, give me more, yeah  
Give me more, give me more

And I can't wait  
And I can't wait  
It's the thrill I feel my heart beat racing  
And I can't wait, can't wait
