

# Lonely Life

Miike Snow

I am not the first one  
Not the hunter, not the prey  
Can I get motion?  
Can I live another day?  
I don't want pressure  
I don't need a waterfall  
I just want to be there  
Want to be there when you call

Take your time, take your time  
To decide if you are mine  
Yeah, I know that it's hard and your eyes are full of dark  
Take your time, take your time  
To decide if you are mine  
There's a price to it all and we're not forever young

Cause it's a lonely, lonely, lonely life  
It's a lonely, lonely, lonely life  
It's a lonely, lonely, lonely life  
It's a lonely, lonely, lonely life

You seem so nervous  
All your feeling's in your face  
I wish I could help you to not feel so out of place  
I'm under pressure  
Will I miss you when you're gone?  
And all your pleasures  
Haunting me before the dawn, yeah

Take your time, take your time  
To decide if you are mine  
Yeah, I know that it's hard  
And your eyes the full of dark  
Take your time, take your time  
To decide if you are mine  
There's a price to it all  
And we're not forever young

Cause it's a lonely, lonely, lonely life  
It's a lonely, lonely, lonely life  
It's a lonely, lonely, lonely life  
It's a lonely, lonely, lonely life  
Cause it's a lonely, lonely, lonely life  
It's a lonely, lonely, lonely life  
It's a lonely, lonely, lonely life
