

# Nobody Knows

Mike & The Mechanics

There is nothing wrong with me  
There's nothing wrong with you  
Maybe we're just blind to see  
Each other's point of view.

Nobody knows what we had.

You could do much better,  
You could do much worse than me.  
I could have walked right out on you  
There was nothing stopping me

Nobody knows what we had.

We were running of passion  
We were running out of time  
There's a face to fit the future  
There's a face to fit the crime.  
Now the truth is on the table  
And the ghost is plain to see  
There's nothing wrong with you or me.

I won't live in your world,  
You can't live in mine  
We don't hate each other darlin'  
We just gave up trying.

Nobody knows what we had.

Maybe I'm not crying  
Maybe I don't mind  
But it hurts just knowing  
Your children won't be mine.

Nobody knows what we had.
