```
When your faith in life is gone
Come and speak to me
When your down and all messed up
Seek my sympathy
When everybody says no no no
Well its your misfortune and none of my own
Wrong wrong wrong
It's your misfortune that sweetens my song
I can be the friend you want
I can be your confidante
I can be the right reminder at the right time
Throwing out the lifeline
Stand in the light
When your face is caked with mud
Come and speak to me
When the chill creeps in your blood
Seek my sympathy
When everybody says no no no
Well its your misfortune and none of my own
Wrong wrong wrong
It's your misfortune that sweetens my song
I can be the air you drink
The every single thought you think
I can be the right notion in the meantime
Warm you like the sunshine
Stand in the light
```
