

## House Of Gold

Mike Ness

People still they cheat and lie  
For wealth and what it will buy  
But don't they know on judgment day  
That gold and silver will melt away

I'd rather be in a deep dark grave  
And know that my poor soul was saved  
Then to live in this world in a house of gold  
And deny my God and do my soul

What good is gold and silver too  
If your hearts not good and true  
Consider it when I say  
Fall down on your knees and pray

I'd rather be in a deep dark rain  
And know that my poor soul was saved  
Than to live in this world in a house of gold  
And deny my God and do my soul
