

When You're Sleeping

Pinder, Mike

Your daddy's going to love you every single day
Your daddy's going to hug you when you cry
There's lots of things to do
And we'll do them all with you
Together we can touch the sky

Your momma's going to love you every single day
Your momma's going to hug you when you're blue
We're going to teach you everything
You really need to know
And then it will be up to you

When you're sleeping
Count one to ten and you're dreaming
The moon's big and bright
The star's twinkle light
For you

We're gonna watch you at your work and in your play
And when you need us we'll be standing there
You're the apple in our eye
You're a lovely little guy
Thank the lord for all this love we share

When you're sleeping
We're gonna tuck you in for save keeping
A new day's in sight
The sun brings his light
For you

When you're sleeping
We're gonna tuck you in for save keeping
A new day's in sight
The sun brings his light
For you

When you're sleeping
Count one to ten and you're dreaming
The moon's big and bright
The star's twinkle light
For you

When you're sleeping
We're gonna tuck you in for save keeping
A new day's in sight
The sun brings his light
For you
