

# You Can't Take The Love Away

Pinder, Mike

You can hang up the telephone  
You can spend the night alone  
Run around, try and bring me down,  
But there's one thing you should know  
You can't take love away  
You can't take my love away  
I'll love you 'til forever

You can turn down the radio  
You can say it isn't so  
Maybe cry, see another guy,  
There's one thing you should know  
You can't take love away  
You can't take my love away  
I'll love you 'til forever

Sometimes I wonder  
When our love is not so strong  
The days when things go wrong  
You leave me sighing  
Yet when we share our love  
Together you and i  
The flame of love is high  
And we are flying  
You can't take love away  
You can't take my love away  
I'll love you 'til forever

You can say you must be free  
You can sail across the sea  
Tell a lie, even say goodbye,  
But there's one thing you should know  
You can't take love away  
You can't take my love away  
I'll love you 'til forever

You can't take love away  
You can't take my love away  
No darling, I'll love you 'til forever  
You can't take love away  
No, no, 'cause I love you  
And you can't take that away from me  
I'll love you 'til forever
