

# Possible

Mike Will Made-It

Drippin' in diamonds, covered in gold  
I flooded my AP, I'm outta control  
I'm still in the gutter, dippin' them Os  
Workin' them euros, I'm out of control  
When you're gettin' dinero, more things are possible  
Anything possible, anything possible  
When you hustle like I do, all things are possible  
Anything possible, anything possible

I come from the ghetto, I just wanna be rich  
Now the money is comin', ain't that a bitch  
My crib like perfection, baby show me them tits  
If money could talk, these niggas ain't sayin' shit  
Ain't afraid of the Popo, pussy nigga I'm lit  
I take care of my family, you spend cake on a bitch  
You gon' get her the Louis bag, I'm a give her this dick  
She gon' come back for more, call that money well spent  
I started from zero, took that to a hunda  
Brought that to a thou wow  
Now play with them stacks now  
Catch me in traffic, but that could be tragic  
Got a couple new shooters, get you laid in a casket

Drippin' in diamonds, covered in gold  
I flooded my AP, I'm outta control  
I'm still in the gutter, dippin' them Os  
Workin' them euros, I'm out of control  
When you're gettin' dinero, more things are possible  
Anything possible, anything possible  
When you hustle like I do, all things are possible  
Anything possible, anything possible

You're my type for sure, I'm tryna see what shorty 'bout  
Thugged out, pants sag with a.40 cal  
I was in Vogue, they wrote me an article  
I want that cover, anything's possible  
How is it possible you on my dick  
I don't even got one, man this shit is sick  
My grandma confused me like fuck as a kid  
I had no idea she was more like a pimp  
Bitch I get money, my niggas not starvin', my niggas not stavtin'  
My niggas not starvin', I'm drinkin' my Hennessy listenin' to Marvin

Drippin' in diamonds, covered in gold  
I flooded my AP, I'm outta control  
I'm still in the gutter, dippin' them Os  
Workin' them euros, I'm out of control  
When you're gettin' dinero, more things are possible  
Anything possible, anything possible  
When you hustle like I do, all things are possible  
Anything possible, anything possible

Overcomin' the obstacles, these niggas popsicles  
Ridin' dick like a prostitute, for that cake I'm in high pursuit  
Word to my mommy, I stay with that Lami  
Dare you to play, I'm not with the flexin', I'm down for that homi'  
I got a lady, she got a lady

But if you fuck my lady, then you gotta pay me  
These bitches, they love the kid, and you know that  
Don't play them games I used to, I'm like a throwback  
You treat the special, Bobby Womak  
Me? Fuck no, can't picture that with a Kodak  
On the run like Jay Z, I got me a Beyoncé  
Just to sit with me courtside, watch the Knicks at the Barclays

Drippin' in diamonds, covered in gold  
I flooded my AP, I'm outta control  
I'm still in the gutter, dippin' them Os  
Workin' them euros, I'm out of control  
When you're gettin' dinero, more things are possible  
Anything possible, anything possible  
When you hustle like I do, all things are possible  
Anything possible, anything possible
