

A Beautiful Life

Mikeschair

I want you to know
I've seen your wounded heart
You're looking for hope
But it always feels so far

I want you to know
That I made you who you are
And I can't wait for you to see
What tomorrow's gonna bring

A beautiful life
Is unfolding before my eyes
Just like the sun you'll rise
To fill the empty sky, so shine

Oh, your beautiful
Oh, your beautiful
Oh, your beautiful life

I want you to see
That you're the one I love
And I will complete
The work that I've begun

Oh, could you believe
That the best is yet to come?
And I can't wait for you to hold
What I already know

A beautiful life
Is unfolding before my eyes
Just like the sun you'll rise
To fill the empty sky, so shine

Oh, your beautiful
Oh, your beautiful
Oh, your beautiful life

Oh, your beautiful
Oh, your beautiful
Oh, your beautiful life

If you could see what I see
You were made to rise
If you could see what I see
You were made to shine

A beautiful life
Is unfolding before my eyes
Just like the sun you'll rise
To fill the empty skies, so shine

Oh, your beautiful
Oh, your beautiful
Oh, your beautiful life

Oh, your beautiful

Oh, your beautiful
Oh, your beautiful life

Oh, your beautiful
Oh, your beautiful
(A beautiful life)
Oh, your beautiful life
(A beautiful life)

Oh, your beautiful
Oh, your beautiful
(Yeah)
Oh, your beautiful life
(A beautiful life)
