

On The Boulevard

Mikey Wax

I've been waiting for you for so long
But I'm not giving up on love
'cause I know it's not a race
One for the lovers and their funny faces

Up on the boulevard
You know my heart was shaking
Like the world in a bitter storm
Cause this is no love worth faking
Pick me up maybe we'll fly away
Stick around maybe you'll wanna stay
Just like the lovers I see on the boulevard
I caught a glimpse of how the world could be

Pretty eyes in city lights
Come and find me I'm hiding in this place
But you don't recognize my face
So I leave it up to fate
One for the lovers and their funny faces

Up on the boulevard
You know my heart was shaking
Like the world in a bitter storm
Cause this is no love worth faking
Pick me up maybe we'll fly away
Stick around maybe you'll wanna stay
Just like the lovers I see on the boulevard
I caught a glimpse of how the world could be

And we'll be together
Through stormy weather
Well hold hands forever

Up on the boulevard
You know my heart was shaking
Like the world in a bitter storm
Cause this is no love worth faking
Pick me up maybe we'll fly away
Stick around, you'll wanna stay
Just like the lovers I see on the boulevard
I caught a glimpse of how the world could be
