

# Only One

Mikey Wax

Well there's a feeling that I get when you look at me that way  
A feeling like you're all out of love  
And it's an unforgiving fact that in the past yeah you've had it tough  
And I don't wanna try to save you  
Just wanna see you smile, if for a night  
So come on come lay your guard down give it up

I really need you to trust me now come a little closer,  
Don't back down giving you the most of my love,  
I'm making you my only one my only one  
I really need you to trust me now  
Come a little closer and hear me out  
Life's a roller coaster but this is my vow, I'm making you my only one

And there's a look inside your eyes when I say lets get away  
A look just like you're ready to run  
So pack your things and come with me and let's drive off into the sun  
Cause I don't wanna try to save you  
Just wanna see you smile if for a night  
So come on come lay your guard down show your love

I really need you to trust me now come a little closer,  
Don't back down giving you the most of my love,  
I'm making you my only one my only one  
I really need you to trust me now  
Come a little closer and hear me out  
Life's a roller coaster but this is my vow, I'm making you my only one

And I don't really know what I can say to you that I haven't said before  
Just open up your heart a little more

I really need you to trust me now come a little closer,  
Don't back down giving you the most of my love,  
I'm making you my only one my only one  
I really need you to trust me now  
Come a little closer and hear me out  
Life's a roller coaster but this is my vow, I'm making you my only one
