Wait By The Door

Mikey Wax

Oh sweet love wait by the door
You know I've come back for more
For more

So tell me where you've been
Tell me where you're going to
Wait there by the door cause I'm back for more

Oh sweet love turn on the light
Oh sweet love it's been a long time
Long time

So tell me where you've been
Tell me where you're going to
It's been such a long time
So turn on the light

Oh sweet love wait by the door
You know I've come back for more
For more

So tell me where you've been
Tell me where you're going to
Wait there by the door cause I'm back for more
Wait there by the door cause I'm back for more
