

Walking On Air

Mikey Wax

Ill give you the stars and a happy ever after,
a life full of love and laughter I hope that you can tell
That, you got my whole imagination
Looks and charm a deadly combination
It's like you cast a spell
So come on let me through
Come on when I'm with you

You make me feel like I'm walking on air
The view is so fine lookin at you from up there
You make me feel like I'm walking on air
When I'm with you
I'm high as the blue

I wanna be with you every minute
And I'm not afraid to admit it
Oh what's a man to do
There's so many things I wanna teach ya
But I'm not your substitute teacher
I wanna be there all year through

So come on let me through
Come on when I'm with you

You make me feel like I'm walking on air
The view is so fine lookin at you from up there
You make me feel like I'm walking on air
When I'm with you
I'm high as the blue

When I wanna get away
Will you be my escape?
You get me as high as the man on the moon
And I don't wanna come down
I just wanna look around
And take in the view

CHORUS
