

Drippin

Mila J

And I know what you came for
It's open so come in and close the door
Tell me what you want me to do
'Cause after I'm [?] with you
Switching position, switching positions
I know you ready
To cover my body
Vibing the motion
You got me excited
You're so comfortable, comfortable with me
You know what to do to keep me

Drippin'
Drippin'
You know what to do to keep me drippin'
Drippin'
Drippin'
You know what to do to keep me drippin'

So many ways to communicate
Body language
It's the perfect way
Oh can't you tell
What my body says
It's saying
Come here, closer
Slower, motion
Love explosion
Drippin' all over

Drippin'
Drippin'
You know what to do to keep me drippin'
Drippin'
Drippin'
You know what to do to keep me drippin'

You're saying
Come here, closer
Slower, motion
Love explosion
Drippin all over

Drippin'
Drippin'
You know what to do to keep me drippin'
Drippin'
Drippin'
You know what to do to keep me drippin'
