

## Drowning

Mila J

I can't find my soul. I think I gave it to you again  
I'm going crazy, mind off of noone  
Heart just keeps pouding harder and harder  
And I cannot stop it, whoa  
Where did you go, where are you now?  
Losing control now, I'm better off dead

I'm drowning in a river, drowning in a river  
Drowning in a river, drowning in a river, over you  
I'm drowning in a river, drowning in a river  
Drowning in a river, drowning in a river,  
I feel like I'm drowning over you, over you

My brain is so empty, body feels weightless  
Fuck it I'm faithless, all cause of you  
Mental capacity, can't take no more  
Floating away, I can't stop it, no  
Where did you go, where are you now?  
Losing control now, I'm better off dead

I'm drowning in a river, drowning in a river  
Drowning in a river, drowning in a river, over you  
I'm drowning in a river, drowning in a river  
Drowning in a river, drowning in a river,  
I feel like I'm drowning over you, over you.
