

# I'm Mi

Mila J

Yeah this is raw nigga (Mila J, Omarion) this is smooth (let it go)

I come from the land down under  
Blaze up, it's Mila, the girl wonder  
Back wit it get cracked just like thunder  
Cuz the flow will vibrate the tundra  
And my glow will radiate the summer  
Bang this in yo coups, Lex, and Hummers  
Move to the rhythm like I'm an old drummer  
Niggas swarm the dance floor like piranhas  
Cause I'm keepin it hot like Tijuana  
But I'm hood as Shaniqua and Kiana  
Sexy as Aaliyah or Madonna  
Donna Karan, bitches starin', but I ain't carin'  
They know she will kill a song  
Ever seen a girl in a chinchilla thong?  
Have your eyes deep fried like won ton  
Can hate if you wanna just throw up the one, oh

Back in the club once again it's me  
This ain't your average chick, it's me  
Go head work your body and let me show you how to party girl  
Back in the house once again it's me  
(Smirnoff) over long island iced tea  
Go head work your body and let me show you how to party

Let it go thats wussup yall the party has just begun, all the fellas throw y  
our cash

can keep the ones

Bad little mama  
Slick with the grammar  
Bionic like dun na nun na nun na nun ah  
Dookie rope chain in the pink leather bomber  
Niggas can't see me, haters tryna find me like Osama  
Rock like nirvana (Mila Mila)  
Chicks love throwin' they hips to my heater  
Anywhere I sit, I'm gon kick my feet up  
Re-up, flow get slow, watch me speed up  
You know I can make 'em into every single synonym  
Sweet as cinnamon  
Got 'em as soon as I put my venom in  
Got his toes curlin' and rippin' out of his Timberlands  
I ain't even give him my booty look what I did to him (damn)  
Now he trippin', give him some Ritalin  
Mila J; black, Asian, and Indian  
That's why the flow mix up so smoothly  
Ask Jamba Juice who really invented smoothies, ooh wee

Back in the club once again it's me  
This ain't your average chick, it's me  
Go head work your body and let me show you how to party girl  
Back in the house once again it's me  
(Smirnoff) over long island iced tea  
Go head work your body and let me show you how to party

Let it go Attention all cars: coups, SUV's, and drops  
Turn your systems up!  
It's time to pack the parking lot

So gutta but butter like Parkay  
M-J gets biz like Markie  
Zoom-a-zoom-zoom-a-zoom-a-zang  
I know you love the swagga when I'm doin my thang  
I know you love the way I pull up in the Range with the audacity to rock like two chains  
Rings on all five fingers  
Assault with a deli pepper  
Like I'm a legend from Queens  
Knaw mean?

Back in the club once again it's me this aint your average chick it's me  
Omarion:] Go head work your body and let me show you how to party girl

All the ladies, report to the dance floor  
And spill your drinks. Ha ha!

Back in the club once again it's me
