

# La La Land

Mila J

Here we are in Los Angeles  
Early part of the weekend  
Well, for your Monday we're gonna keep things dry, sunny and, well, warm

Miss everything about you when I'm on the road  
You the one I come home to after a show  
Say I love you even though I know you know  
You the only one I'm missing on the road

Straight up, for sho'  
You the one I think about the most, when I smoke  
Straight up, you know  
I can't let go, let go

You the one I come home to after a show  
Say I love you even though I know you know  
You the only one I know that got that right pack on, got that right pack

Miss everything about you when I'm on the road  
You the one I come home to after a show  
Say I love you even though I know you know  
You the only one I'm missing on the road

You missed the wave last night  
Wish you could've been here  
Had no regrets last night  
Still I wish you could've been here  
'Cause it's too hard, too hard now  
When you're so far, so far now  
Straight up, you know  
Can't wait to come home, come home

You the one I come home to after a show  
Say I love you even though I know you know  
You the only one I know that got that right pack on, got that right pack

Miss everything about you when I'm on the road  
You the one I come home to after a show  
Say I love you even though I know you know  
You the only one I'm missing on the road

Straight up, for sho'  
You the one I think about the most, when I smoke  
Straight up, you know  
I can't let go, let go

Straight up, for sho'  
You the one I think about the most, when I smoke  
Straight up, you know  
I can't let go, let go

You the one I come home to after a show  
Say I love you even though I know you know  
You the only one I know that got that right pack on, got that right pack

Miss everything about you when I'm on the road  
You the one I come home to after a show

Say I love you even though I know you know  
You the only one I'm missing on the road

Straight up, for sho'  
You the one I think about the most, when I smoke  
Straight up, you know  
I can't let go, let go

Straight up, for sho'  
You the one I think about the most, when I smoke  
Straight up, you know  
I can't let go, let go

Pulled over to the main interchange in downtown Los Angeles, we advise  
All freeways heavily congested  
Primarily, the Harbor freeway inbound to the Civic Center  
The Hollywood freeway outbound from the Civic Center  
The Pasadena freeway heavily congested outbound  
And the San Bernadino freeway
