When I (when I) get old (get old)
If you ain't there, it ain't enough, oh
'Cause when I'm, all alone
Without you I just think too much, oh

'Cause I swear that there ain't nothin' I won't do
And even if you didn't have nothin', I want you
You can go 'head and swing it my way
You know I fuck with you the long way
And even if you didn't have nothin', I want you
No, oh, whoa, oh

When I (when I) get old (get old)
If you ain't there, it ain't enough, oh
'Cause when I'm, all alone
Without you I just think too much, oh

Wond'ring if you think about me
The way that I think 'bout you, baby
But is it even possible?
The way that I think 'bout you lately

'Cause I swear that there ain't nothin' I won't do
And even if you didn't have nothin', I want you
You can go 'head and swing it my way
You know I fuck with you the long way
And even if you didn't have nothin', I want you
No, oh, whoa, oh

'Cause I swear that there ain't nothin' I won't do
And even if you didn't have nothin', I want you
You can go 'head and swing it my way
You know I fucked you the long way
And even if you didn't have nothin', I want you
No, oh, whoa, oh
