

## Through It All

Miles Away

You're backed against a wall  
Feeling like there's no way out  
We've all been there before  
Existence overwhelmed with doubt  
Through the toughest times and in the darkest days  
You must recognize there's still hope  
We all lose our faith  
When were dealt such low blows  
Feeling so alone, never ending doubt  
Through the toughest times and in the darkest days  
You must recognize there's still hope  
Face your fears, start today  
Realize your true potential  
Face your fears, don't waste your time  
Because this life just ain't worth wasting  
Shake it off, turn it around  
I'll always be here to help you out  
You were there for me, I'll be there for you  
Our friendships will see us through  
We don't have to walk alone
