

Get Right

Miles Kane

I'm gonna get right
I'm gonna find my feet again
I'm gonna get right
Get everything I need again

I'm gonna squeeze tight
No way I'm turning back
I'm gonna burn bright
And forget about all of that

There's nowhere to hide
Girl I'm bringing back to life
Mr. Midnight
I feel it deep inside
Baby just to clarify
I'm gonna get right

I'm gonna turn it all around
You're gonna jackknife
I wanna hear the way you sound

There's nowhere to hide
Girl I'm bringing back to life
Mr. Midnight
I feel it deep inside
Baby just to clarify
I'm gonna get right [x4]

You had me on my knees
Just for a minute nearly lost my mind
Don't you come crawling back to me
I've hit my limit girl, don't waste my time

You can try and be discreet
And you can hide in the backseat all you like
Sit tight, while I get right, get right

There's nowhere to hide
Girl I'm bringing back to life
Mr. Midnight
I feel it deep inside
Baby just to clarify
I'm gonna get right [x4]
Oh yeah
