- 1. I've been searching for love
 I'm sorry I escaped you
 I wonder how I will end
 For now, I'll carry to push on through
 And bite my jealous lip
 And hope to turn it to a kiss
- R: Take this night from me girl
 You're stunningly divine
 Take this night from me girl
 You're the love I've been searching for
 'Cause I will be true, I will be faithful
 And that's not like me
 So take the night from me
- 2. And now my worried concave of thoughts Won't linger anymore Because I've been trying my best Yet still I've been skipping through my years To cover my sacred tears, Ready for the heartaches and fears
- R: Take this night from me girl
 You're stunningly divine
 Take this night from me girl
 You're the love I've been searching for
 'Cause I will be true, I will be faithful
 And that's not like me
 So take the night from me
 Take it from me
 And then darling you will ask me where I've been
 Take it from me
 Take it from me
 Take it from me
 Take it from me
 Take it from me
