Good And Broken

Are you overloaded? Candy coated Your life's imploding now There's a risk worth taking A pain worth aching On this hollow ground We can let qo Don't hold on to all of life's hardest parts When we think of stopping Let's keep on rocking To the rhythm of our hearts We can Break out of here Jump on over there Where the air is clearer We can Forget the pace Win in our own race Become a broken chain We are broken chains Good and broken Find the magic, go and grab it Your fate is in your hands Come on, find a reason To believe in, just tell yourself Get off your seat On your feet Raise your hands Feel the beat Let it go Loose control Feel it in your soul Don't you know What you can do If you have faith in you Let's not be invisible There's no red light in life Just go
