

# Goodbye

Miley Cyrus

1. I can honestly say you've been on my mind  
Since I woke up today (up today)  
I look at your photograph all the time  
These memories come back to life  
And I don't mind

R1: I remember when we kissed  
I still feel it on my lips  
The time that you danced with me  
With no music playing  
I remember the simple things  
I remember till I cry

But the one thing I wish I'd forget  
The memory I wanna forget  
Is Goodbye

2. I woke up this morning  
And played are song  
And through my tears, I sang along  
I picked up the phone and then put it down  
Cause I know I'm waisting my time  
And I don't mind

R1: I remember when we kissed...

3. Suddenly my cell phone's blowing up  
With your ringtone  
I hesitate but answer it anyway  
You sound so alone  
And I'm surprise to hear you say

R2: You remember when we kissed  
Youstill feel it on your lips  
The time that you danced with me  
With no music playing  
You remember the simple things  
We talked till we cried

You said that your biggest regret  
The one thing you wish I'd forget

Is saying Goodbye  
Saying Goodbye  
ooh
