

# Liberty Walk

Miley Cyrus

Don't live a lie, this is your one life ooh  
Don't live it like you won't get lost  
Just walk just walk

It's a liberty walk, it's a liberty walk  
It's a liberty, liberty, liberty  
It's a liberty walk, it's a liberty walk  
It's a liberty, liberty, liberty

Here's to all the boys tryin to hold you back  
Tryin to make you feel like your less than that  
Got nothing more better than to make you crack  
But really just tryin to put your dreams off track  
And you know in the end it'll be okay  
Cause all that really matters are the steps you take  
And everything else falls into place  
There's no price to pay, I say

We're alright (alright) yeah, yeah (yeah, yeah)  
We're gonna get it where we livin, livin  
We're alright (alright) yeah, yeah (yeah, yeah)  
We're gonna get it where we livin  
Whoa whoa

It's a liberty walk, walk say goodbye to the  
People who tied you up  
It's a liberty walk, walk  
Feeling your heart again, breathing new oxygen  
It's a liberty walk, walk free yourself, slam the door  
Not a prisoner anymore  
Liberty, liberty, li-li-liberty, liberty, li-li  
It's a liberty walk (walk, walk)

Don't stop, keep on walking it  
Don't stop, keep on talking sh!t  
Don't stop, keep on walking it  
(walk, walk ....)

Don't be afraid to make a move  
It won't hurt you just do what you would  
Born to do and everything works out right  
Don't listen to all the people who hate  
Cause all they do is make your mistakes  
For ya, But they don't own ya  
I just told ya

Alright (alright) yeah, yeah (yeah, yeah)  
We're gonna get it where we livin, livin  
We're alright (alright) yeah, yeah (yeah, yeah)  
We're gonna get it where we livin  
Whoa whoaa

It's a liberty walk, walk say goodbye to the  
People who tied you up  
It's a liberty walk, walk

Feeling your heart again, breathing new oxygen

It's a liberty walk, walk free yourself, slam the door  
Not a prisoner anymore  
Liberty, liberty, li-li-liberty, liberty, li-li  
It's a liberty walk (walk, walk)

Don't stop, keep on walking it  
Don't stop just walk this way  
Don't stop, keep on talking sh!t  
(Don't like, don't like, don't like, don't like)

Don't like what you do (walk)  
Don't take the abuse (walk)  
Move to the truth (walk)  
Before come on that means you (walk)

It's a liberty walk, walk say goodbye to the  
People who tied you up  
It's a liberty walk, walk  
Feeling your heart again, breathing new oxygen  
It's a liberty walk, walk  
Free yourself, slam the door not a prisoner anymore  
Liberty, liberty, li-li-liberty, liberty, li-li  
It's a liberty walk (walk, walk)

Don't stop, keep on walking it  
Don't stop, keep on talking sh!t  
Don't stop, keep on walking it  
(walk, walk, walk)
