My Heart Beats For Love

Miley Cyrus

I've been trying to get on the lonely street
Got lost in the shadows
Fell hard in the battle
Who cries when there suffering
I walk throught the darkness
Broken and heartless
I'm falling out
Can you hear my voice
I'm gonna find you through all the noise
Ohh, you know that there's nothing I wouldn't do
So shine your light as I reach for you

R: My heart beats for love
   My heart beats for love
   It's the sound that I hear tells me not to give up
   It breathes in my chest and it runs through by blood
   My heart beats for love
   My heart beats for love
   Woaaaaahhh yeaah

I've been told at least a 1000 times
Its not worth the struggle
The hurt or the trouble
I keep running up to these front guys
No I won't surrender
I'll wait here forever
Standin' here with my back up high
Can't you see that its worth the fight

R: My heart beats for love...

I'm about to cross this battle field
I'm Screamin' out, you hear me now
I'm holding on, stand on the ground
Screamin' now
Can you hear me

R: My heart beats for love... (2x)
