

# She's Not Him

Miley Cyrus

I want to start by saying thank you  
I'm gonna miss you, honey  
You gave me things, you can't buy back with money  
You changed my life  
You've been my world  
There's no other girl that looks like you, darling  
Those eyes, that tongue, those teeth, that face, that body  
Even though we've gone to outer space  
Still no way you can take his place

You're not him  
She's not him  
No matter what you say  
No matter what you do  
I just can't fall in love with you  
Cause you're not him  
Yeah, she's not him

And why, why can't I love you, baby?  
Like I wanna love you, baby  
I'm sorry  
And maybe it's beyond my control  
Some sort of chemical reaction  
Making it impossible to let him go

You're not him  
She's not him  
No matter what you say  
No matter what you do  
I just can't fall in love with you  
Cause you're not him  
Yeah, she's not him

And you don't deserve all the bullshit I've put you through  
You, you deserve a heart much bigger than one that's torn in two

You're not him  
She's not him  
Every time you walk through my door  
I swear to God you're more beautiful than before, but you're not him  
No matter what you say  
No matter what you do  
I just can't fall in love with you  
But you're not him  
Yeah, she's not him
