Miley Cyrus

Bangerz (bangerz), fucking bangerz (bangerz)  
Bangerz (bangerz), fucking bangerz (bangerz)

All the way in the back with a dick on my lap  
All the boys like to ask me 'what you doing with that?'  
You, you, you say you love me, I ain't fooling with that  
They ask me how I keep a man, I keep a battery pack

One day he wants me, one day he wants me not  
I don't do chances, cause time just ain't what I got  
If he's like that, I got a world tour that they need me at  
I can't be sitting 'round here waiting on a man  
To tell me where the fuck my seat be at, where Mike Will at?

She be strutting that stuff, that stuff, that stuff  
Bangerz (bangerz),  
She be strutting that stuff  
I be strutting my stuff  
She be strutting that stuff, that stuff, that stuff  
Bangerz (bangerz)  
She be strutting that stuff, that stuff, that stuff  
Bangerz (bangerz)  
She be strutting that stuff, that stuff, that stuff  
Bangerz (bangerz),  
She be strutting that stuff  
I be strutting my stuff  
She be strutting that stuff, that stuff, that stuff  
Bangerz (bangerz)  
She be strutting that stuff, that stuff, that stuff  
I be strutting my stuff

I'm flying high up on a bird, acrophobiatic  
Got slick, caught her eyeing down my purse, where the dollars at?  
I let them know the rents due on the first,  
They can call a hearse  
Cause if there's any violation I go off with that

Cat walk, slick talk, flirting with them big dogs  
(Why I need these milli's when I got Billy on the speed dial)  
(You know I'm on that meow)  
Quick to scratch your eyes out  
Strutting on the court, make them nervous, calling time out

The play boss, the play, got to get that big rock  
Sit that on my hey, make that mean old big talk  
The play boss, the play, sike that must be the purple  
Got up in my brain, had me a little bit dismal

Bangerz (bangerz), bangerz (bangerz)  
Bangerz (bangerz), bangerz (bangerz)

I (4x)
