Start All Over

Miley Cyrus

1. I have to wonder if this waves to big to ride
   Commit or not commit is such a crazy type.

X1: Yet sooner than I thought that you'd call me out.
    I lost control and there's no doubt, I'm gonna start all ov
er.

R: Out of the fire and into the fire again.
   You make me want to forget and,
   Start all over. Here I come,
   Straight out of my mind, or worse,
   Another chance to get burned,
   And start all over. I'm gonna start all over.

2. Fantastic and romantic, all a big surprise.
   You've got the warning hesitation pushed aside.

X2: Yet sooner than I want, But you caught my heart.
    I guess I'm ready now to start. I'm gonna start all over.

*: It's so easy, You disrupt me. Can't complain.
   It's so easy, You disrupt me. Can't complain.
   It's so easy, You disrupt me. Can't complain.
   It's so easy.
   I'm gonna start all over!
   Start all over!
